

Priority Research Areas - Strand 1

1. Project Goals

To create a database of research on religion and public news media.

2. Researchers and Students involved

- Christopher Helland, Solange Lefebvre
- David Michels, Roger Bantea Alfani (Students)

3. Outputs

The creation of a database of research on religion and public news media. The guide was created to assist in researching religion as portrayed in the Canadian news media. The guide highlights several key database sources accessible at most Canadian universities, and provides training materials to these sources.

4. Finances

Breakdown of Expenses				
Student Funding*				
	Amount	Name	Dates	Project
Student Stipends				
Student Assistantship	\$4000	David Michels	3/31 2010-	Database Project
Research Funding				
	Amount	Project	Dates	Specifics**
Funding for Research Costs				

Funding for Research Travel				
Funding for Administrative/Supply Costs Related to Research	\$111.60	Database Project		software
